

THE SECOND NATIONAL CONFERENCE ON MECHANICAL ENGINEERING NCME'2026

24-25
November 2026

Hybrid conference

CALL FOR PAPERS

Researchers, academics, and industry professionals are cordially invited to submit original research papers, case studies, and innovative contributions relevant to the seminar topics

IMPORTANT DATES & REGISTRATION FEES:

- **ABSTRACT SUBMISSION DEADLINE :** NOVEMBER 09, 2026
- **NOTIFICATION OF ACCEPTANCE:** NOVEMBER 14, 2026
- **CONFERENCE DATE:** NOVEMBER 24-25, 2026
- **PROFESSOR:** 3000 DA (ONSITE)- 2000 DA (ONLINE)
- **PHD STUDENT:** 2000 DA (ONSITE)- 2000 DA (ONLINE)
- **INDUSTRIAL:** 10000 DA

CONFERENCE TOPICS

1. Energetic

- Fluid flow and heat transfer
- Renewable energies
- Turbomachinery
- Thermal machines and cryogenic systems
- Combustion

2. Materials Engineering

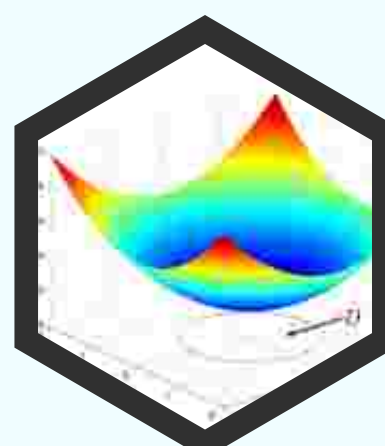

- Fracture mechanics, fatigue and damage.
- Surface treatments and thin films
- Methods of analysis and control of materials
- Corrosion and coating of materials
- Mechanical behavior of materials

3. Mechanical Construction

- Vibration and dynamics of structures
- Industrial maintenance
- Mechanical characterization of composite materials
- Dynamics of rotating machines
- Computer-Aided Design and Manufacturing

4. Advanced methods in mechanical engineering

- Artificial intelligence
- Numerical simulation
- Design optimization
- Innovation startup
